Personal Profile

A highly driven and adaptable software engineering professional with cross-functional expertise in network engineering, programming, event organization, and youth development. Demonstrates exceptional problem-solving, communication, and leadership skills across both technical and community-oriented environments. Passionate about using technology to solve real-world problems and deliver measurable impact.

Work Experience

Network Engineer

Berlin, Germany

Esscon Services

June 2023 – May 2024

- Monitored and maintained high-performance networks, ensuring 99.9% uptime.
- Collaborated with cross-functional teams to implement robust network upgrades.
- Strengthened cybersecurity posture through proactive threat mitigation protocols.
- Provided user-friendly technical support and reduced downtime through clear communication.

Youth Coordinator

Accra, Ghana

Action for Children and Youth Agency

June 2019 – August 2020

- Organized and delivered workshops to over 100+ youths, improving life choices and reducing risk-taking behavior.
- Partnered with NGOs to expand youth program reach by 30%.
- Mentored participants, enhancing confidence and community engagement.
- Led volunteer recruitment and training, improving program delivery and impact.

Event Organizer

Manchester, UK

Manchester International Football Academy

September 2015 – 2017

- Orchestrated football tournaments fostering local youth participation and inclusivity.
- Secured sponsor funding and community support through stakeholder engagement.
- Boosted visibility through innovative campaigns combining social media and local outreach.
- Conducted post-event analytics and reporting to guide future events.

Education

BEng Software Engineering (Ongoing)

Germany

GISMA University of Applied Sciences

2024 – Present

Diploma in Software Engineering

Accra, Ghana

BlueCrest College

- Gained hands-on proficiency in Python, Java, SQL, HTML, and full-stack development.
- Built scalable web and desktop applications using agile development practices.

Level 1 Award in Coaching Football

Manchester International Football Academy

Core Skills
